## 2026 Preliminary Alaska Commercial Salmon Harvest - Blue Sheet

*The Blue Sheet reports cumulative salmon harvest during the commercial fishing season in thousands. Estimates on this page are refreshed twice daily. Please note, inseason harvest estimates published in the Blue Sheet are subject to change. Confidential catch information is not included in these cumulative totals. Questions and individual estimates should be directed to the fishery area management biologists.*

For more information on the Blue Sheet, inseason summaries, and harvest timing charts please see our [Summary, and Harvest Timing Charts Overview page](#).
